LET'S MAKE THIS HAPPEN

We prefer in person at Lori's in home studio in Newport beach (but can do virtual) so we can get you some amazing assets and create some epic collabs on IG together.

We'd love to have you on **Earn Your Happy!** This is your chance to share your insights, connect with an engaged audience, and have a great time doing it.

ABOUT LORI

Lori Harder is a serial entrepreneur and the **Founder and CEO of glōci**, a beauty and wellness brand disrupting the hydration category with a gut-first, skin-focused approach. She's built four seven-figure businesses, hosts the top-ranked **Earn Your Happy podcast**, and runs high-level masterminds with her husband, Chris Harder. Lori's brand is where big dreams go to figure it out—helping entrepreneurs launch and scale, find clarity, and build a non-negotiable network of support.

Her journey started in fitness, as a 3X Fitness World Champion and 11X cover model, but it was born from challenge—she didn't graduate high school, left a restrictive religion, overcame bullying, and lost everything financially before rebuilding from zero. Today, she's proof that community, grit, and vision can change everything.
